

IMPORTANT INFORMATION ON THE ISSUANCE OF AN AIRPORT IDENTIFICATION CARD

For the issuing of an airport identification card application with the authorisation for unescorted access to the critical part of the security restricted area in the course of official business, the following points must be fulfilled in accordance with Framework Regulation (EU) 300/2008 in conjunction with Implementing Regulation (EU) 2015/1998 and the Austrian Aviation Act:

APPLICATION (page 2)

The application must be completed in full by the employer and the applicant and submitted to Flughafen Graz Betriebs GmbH at the earliest 3 months and at the latest 6 weeks before the start of employment or expiry of the identification card validity. The application can be handed in personally at the ID card office or sent by e-mail to ausweis@flughafen-graz.at. Only correctly and completely filled in applications can be processed.

SECURITY TRAINING

After submitting the application (page 2), the applicant will be sent the access data for the online training to the e-mail address specified in the application. After positive completion of the training, the printed certificate must be handed in at the time of collection or sent in advance by e-mail to ausweis@flughafen-graz.at.

BACKGROUND CHECK

The application for a background check must be submitted by the employer/applicant via the business service portal (www.usp.gv.at) in due time on an annual basis!

The background check via the business service portal is provided and operated by the Federal Ministry for Climate Action, Environment, Energy, Mobility, Innovation and Technology (BMK). If you have any questions about the app or wish to report errors, please contact the ICT Department of the BMK:

Phone: **+43 (0) 1 2530188 7953** or Mail serviceentry.zuep@acp.at

Only after the complete and correct personal data has been transmitted via the BSP can Graz Airport apply for a background check with the competent authority. The applicant is solely responsible for the correctness of the information! The airport identification card can only be issued once the competent authority has granted the applicant the status of "reliable". Please note that incorrect or missing data or documents will automatically lead to security concerns and the process will have to be repeated at a charge. The processing time for the background check is usually four weeks. The respective status of the applicant can be seen in the app.

Instructions for the BSP (Business Service Portal) can be found on our website at:
www.flughafen-graz.at/antrag

The theoretical training is completed in the course of the EU security training (Chapter 9 - Safety). The practical training can be done on site after positive completion of the EU security training (certificate) and after making an appointment with Mr. Ewald Hauptmann (hauptmann.ewald@flughafen-graz.at or telephone 0316/2902-231).
